80 years of
Roasting & Brewing
expertise

Since 1938, NESCAFÉ® has been a pioneer in the world of coffee. We have constantly innovated to provide the best coffee experience to you. Today, NESCAFÉ® is enjoyed in over 180 countries.

Our journey begins with our community of farmers who carefully handpick high quality coffee beans, which are then perfectly roasted by our expert roasters to reveal a world of flavor. With over 80 years of roasting and brewing expertise, we are proud to introduce our new range of NESCAFÉ® Whole Roasted Coffee Beans.

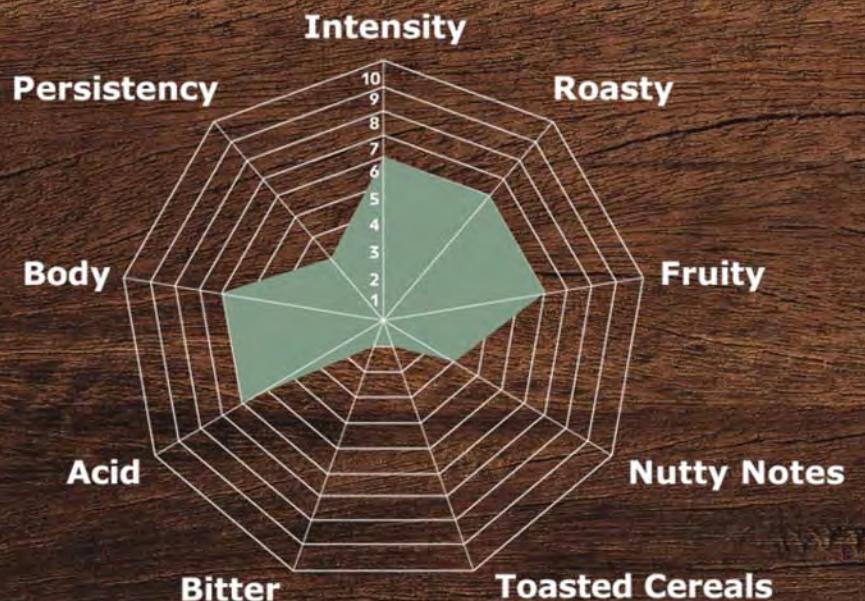

NESCAFÉ® Grande

100% Arabica coffee from
Rainforest Alliance Certified™ farms

A smooth and rich cup with medium acidity, a good balance of caramel and citrus notes, and a hint of orange peel

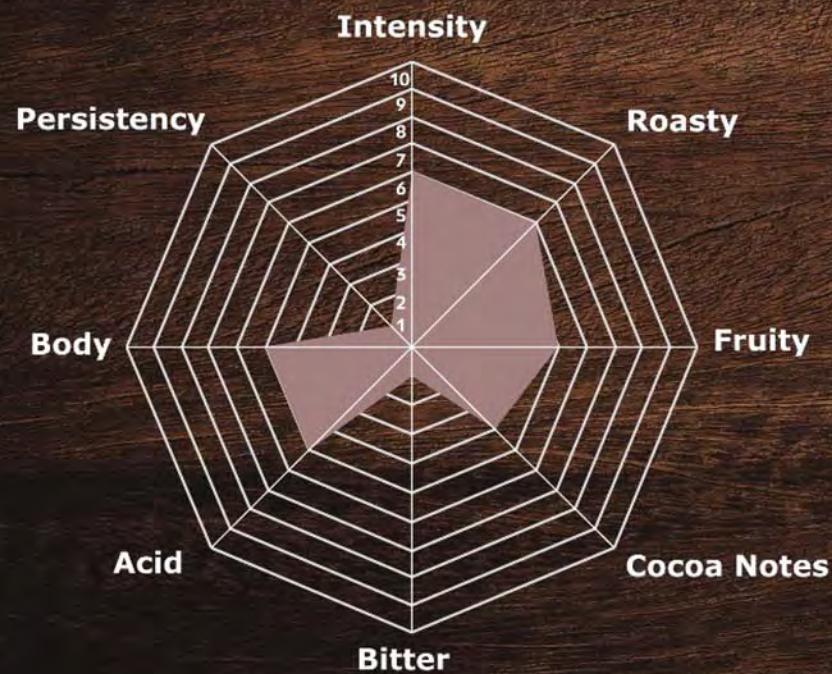

When you choose NESCAFÉ® Grande with the Rainforest Alliance seal, you are supporting a better future for people and nature. The Rainforest Alliance seal means that farmers follow more sustainable farming practices that protect forests, gain opportunities to improve their livelihoods, promote human rights at their farms, and help mitigate and adapt to climate crisis. We believe it is vital to work towards a world where people and nature thrive in harmony.

NESCAFÉ® Intenso

A blend of Arabica and
Robusta coffees

An intense, well-balanced blend with chocolate and fruity notes, and a hint of spice.

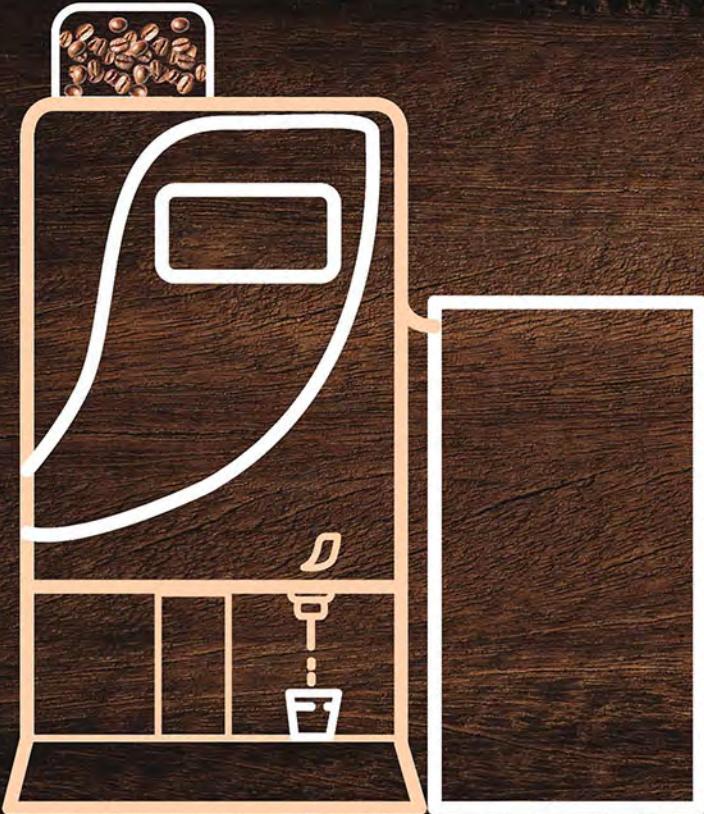

Split Roasting

The secret of an
exceptional brew

Each coffee bean grade has its own unique character and split roasting of beans enhances it. Our coffee beans are "split roasted" where each coffee variety is roasted individually, respecting the coffee bean's true nature and bringing out its inherent notes and characteristics.

Reliable
Beverage Systems

A range of bean-to-cup *Solutions*

Amigo

Coffee (& more) you can count on. With no touch required and a wide range of café-style beverages to choose from, Amigo is the perfect fit for your workplace.

Premio

A clever way to serve! Premio is an IoT enabled contactless and cashless dispensing system with over 80 customizable beverage options to choose from.

Premio

Brew like a *Barista*

Over 80 beverage options

With beverage customization feature, Premio brings to you a selection of over 80 menu options to cater to varied taste and strength preferences of consumers along with delightful new variants such as Galao and Chococcino

IoT Enabled Cashless and Contactless Dispensation

With a web app based interaction, Premio makes for a splendid beverage affair each time – no touch, cash or downloads required

Amigo

Your favourite cup,
now *freshly brewed*

13+ unique beverage options

From a classic Tapri Coffee to a strong Cappuccino.. from an Anna Style Kaapi to a refreshing Masala Chai or a comforting Hot Chocolate – with Amigo, your customers and employees can enjoy a range of refreshing experiences.

Contactless beverage dispensation

Masala Chai

Meet some of our exciting *new additions*

Doppio

Strongest of all, this coffee is not for the faint hearted! It is a double shot of espresso, without sugar or milk.

Tapri Coffee

A classic 'just coffee with milk' for the times when you want to keep it simple.

Anna Style Kaapi

Craving for a heady combination of coffee-chicory? Try this Anna Style Kaapi for a trip down South.

Galao

Enjoy coffee the Portuguese way. This is the creamiest cup with a huge fluffy dollop on top and a mild taste of coffee.

Chococcino

Relish your cup of Cappuccino with just a sprinkle of cocoa - a pick-me-up with a mild chocolaty taste.

Beverage Customization

your coffee,
your way

Regular or strong? With extra milk? Or make it a large one for that busy day at work? We bring to you a whole new range of exciting customization options. Now, everyone can enjoy their favorite beverage, just the way they like it.

Serve Size

The Safest, Freshest cup Always

At Nestlé, safety and hygiene come first. That's why both Premio and Amigo have been designed with in-built features that ensure each brew is safe and hygienic.

Milk cooling unit with controlled temperature below 8°C to ensure milk safety

In-built hygiene tracking through digital cleaning logs

Semi-auto Cleaning & sterilization Technology

CE Certified coffee machines to ensure electrical safety

Auto-lock mechanism activation in case of insufficient hygiene

Digital and Flexible
Payment Models

Payment Models that suit your needs

Serve the perfect cup without breaking your monthly budget. With a range of payment models, you can choose the one that works best for your workplace.

Limit Consumption Model

A pre-loaded card that limits consumption per employee per month to enable you to manage your budgets.

Fully Paid Model

Looking to pass on beverage costs to your employees? Or a self-served solution for your consumers? Look no further than this completely cashless payment option.

Subsidized Model

You can now offer freshly brewed café-style beverages to your employees while sharing the costs too – partly paid by you and partly by your employees.

Hybrid Model

A win-win model enabling you to increase employee satisfaction while maintaining your budgets. Offer select beverages for free and the rest of the café-style menu as paid options.

Scan, Pay, Enjoy

with a range of payment options

Premio comes with an IoT enabled contactless and cashless web app based payment solution. This allows users to select and customize their beverage on their mobile as well as make the payment via their preferred mode - all of this with no touch, cash or downloads.
